A RESOLUTION

Recommit  
to P&T  
8/11/05

Requesting the KUA Board and Management to consider inclusion of the Fuel Adjustment Charge into its regular billing rate structure.

1       **Whereas**, existing monthly rates as charged by the Kosrae Utility Authority  
2 (KUA) was computed at the time when diesel fuel sold to KUA was at one dollar a gallon:

3       **Whereas**, in October 2000, due to rising cost of diesel fuel, KUA instituted a fuel  
4 adjustment charge, separate from its regular billing rates;

5       **Whereas**, this fuel adjustment charge is calculated by multiplying the cost of fuel  
6 for the month by .08 cents, and subtracting the base rate of .08 from the product to arrive  
7 at the fuel adjustment charge per kilowatt-hour, which amount is then multiplied by the  
8 kilowatt-hours used during the month;

9       **Whereas**, since the inception of this fuel adjustment charge, fuel prices world-wide  
10 continued to increase, hence, the continuous increases in the fuel adjustment charge;

11       **Whereas**, given today's trend in fuel prices, it is unlikely that fuel prices will soon  
12 go down to the one-dollar-a-gallon level; now and therefore

13       **Be it resolved**, that the Kosrae State Legislature, on behalf of the people of  
14 Kosrae, respectfully requests the KUA Board and Management to incorporate the fuel  
15 adjustment charge into its regular rate structure;

16       **Be it further resolved**, that KUA Board and Management also examine possible  
17 measures to stabilize the cost of fuel it uses, either by securing a long-term fuel supply  
18 contract or expand its tank farm;

19       **Be it further resolved**, that certified copies of this resolution shall be transmitted  
20 to Mr. Fred N. Skilling, KUA General Manager, Members of the KUA Board of  
21 Directors: Chairman Palokoa Charley, Member Stoney Taulung, Member Vinson Henry  
22 Member Hairon Livaie, Ex-Officio Member Bruce Howell and the Honorable Rensley A.  
23 Sigrah, Governor of the State of Kosrae.
