Miscellaneous Comm.  
No. 13-0.4  
W&M/ETC&I

Office of the Secretary

Date: January 11, 2023

To: The Honorable Tulensa W. Palik  
Governor  
Kosrae State Government

Re: Submission of the Updated FSM Country Program

Dear Governor Palik,

On behalf of the President, it is indeed a pleasure to inform you that we have completed the update for the FSM Country Program for the Green Climate Fund.

The Country Program (CP) is a basis for prioritizing the development of funding proposals for projects and programs that would address climate change mitigation and adaptation for the nation. The development of the CP update involves the consolidation of endorsed priority projects under the Joint State Action Plans for Disaster Risk Reduction and Climate Change (JSAPs), the FSM Infrastructure Development Plan (IDP) and the latest FSM Overseas Development Assistance (ODA) Priorities List for the period 2020.

Completion and submission of the CP Update to the Green Climate Fund is an important step for FSM's continued access to the Fund. Thus, it is my pleasure to submit the enclosed Country Program to your office and inform you that an electronic copy is available on the DoFA website at this link:
